God and morality

How could a loving God send people to hell?

How could God order the slaughter of women and children when Israel conquered the promised land.

Are there absolute moral standards?

Does God predestine people to hell?

Do we have "free will?"

Can nature prove that God exists?

Build the CHURCH!

The church is all but invisible in the public arena. It has been marginalized by secular assaults, ignorance of the issues at hand and indifference. Today, the church needs to

discern the issues that are undermining our strength and witness. The New Jersey Christian Apologetics Conference (TNJ-CAC) is equipping the church, providing sound biblical teaching about the character of God, the person and work of Jesus Christ, evidence for his resurrection and the reliability of the New Testament. Teachings about creation and science, absolute and relative morals, medical ethics, and Christians in the public square are but a few of the topics the conference will tackle this year and in the future.

"Better to illuminate than to merely shine, to deliver to others contemplated truths than to merely contemplate."

Thomas Aquinas
IIa-IIae, 188, 6

Defend *your* FAITH!

Not only does The New Jersey Christian Apologetics Conference teach sound biblical doctrines, but also prepares you to engage those you encounter

with reasonable answers to their questions and objections. This teaching will strengthen your faith, inform your mind, and explain why your faith is the most reasonable approach to life and truth. This conference is unique in providing a platform for nationally and internationally known apologists who have taught and debated the Christian faith. We are privileged to have these men share their expertise on a variety of subjects.

Make DISCIPLES!

The third part of our mission is to "train others also." TNJCAC is set to make an impact on the church so it can fulfill its mission with powerful weapons that tear down strongholds. We aim to teach every generation from high school on up.

Friday Night Sessions Open to Public

Because we would like to reach out to youth we have a special rate of \$10 for high school students!

This is a bargain considering the teaching on worldview and apologetics they will receive.
